With a High school diploma (Sciences) with honors, I am currently studying at EPSI, an IT Engineering school. Dedicated to the web world and the mobile one, I aim to do my best in every activity I take on.

I have played the guitar for 7 years in a rock band and perform on stage once a month ( $\pm$  100 people).

### Developer, A2S Conseil / Merville, FR

09/11/13 - 10/27/13

Website to promote professional activity of a factory, dedicated in consulting and security.

Written in Ruby on Rails, this website should be fluid and have an effective SEO.

### Developer, Tiste

07/17/13 - 08/02/13

Creation of my portfolio using tools like Middleman SASS, CoffeeScript, GitHub Pages.

I undertook the creation of a technical blog in parallel to the portfolio.

### Developer, Silicon Salad / Lille, FR

05/06/13 - 08/06/13

Development of multiple RoR web app: SOCAM, Potatomobile, JEF Chaussures. Gems building (sentencify and privates ones). Frequent use of GitHub and continuous integration tools (Travis / Coverall).

### IT project manager, EPSI Live

12/18/12 - 03/18/13

Website building for EPSI Live fest that gathered about 200 people.

Keywords for this project were:  
responsive design  
webservice PHP / JSON  
powerful back-office

### Association's president, Association EPNet

09/14/12

Being at the origin of EPNet, a web oriented student organization ( $\pm$  25 members), I created our website and managed every project with great languages such as: Ruby on Rails, PHP, jQuery, Backbone...

### Developer, Roquette Frères / Lestrem, FR

05/11/12 - 08/10/12

Launch of an IT department (infrastructure and hierarchy). Design several software using WinDev.

2011
